SUMMARY

Product Manager with 3.5 years of experience shipping LLM products to production: RAG support agents, AI learning platforms, and conversational bots. Hands-on builder who prototypes with n8n, Lovable, and Supabase before engineering commits.

EXPERIENCE

Product Manager — Worlder Team | Remote | Oct 2024 – Present

- Led 0->1 launch of a RAG-based support agent; defined the retrieval and grounding approach and an eval set of 100 real queries, reducing support tickets by 28% over 3 months at 90% answer accuracy.
- Scoped and shipped an AI-powered Employee LMS MVP (personalized learning paths + performance analytics) that helped close a \$0.5M enterprise contract with Hot Staff.
- Owned UAT and release gating across 4 AI products; introduced test checklists & eval gates, cutting release defects by 17%.
- Rebuilt onboarding for Improver(a video-conferencing product), removing unwanted steps; sign-up completion rose from 60% to 86%.

Product Specialist — Ultrahuman | Remote | Feb 2024 – Jul 2024

- Launched a WhatsApp AI support bot deflecting 35% of repetitive queries; CSAT rose from 4.1 to 4.5.
- Diagnosed drop-offs via funnel analysis and UX audits; shipped 3 fixes that lifted weekly retention by 20%.

Associate Product Manager — RewardWise | Remote | Mar 2023 – Feb 2024

- Owned the product 0->1: defined the roadmap, KPIs, and rollout plan from 200+ user interviews and competitor research.
- Acquired the first 100 customers through demos and outreach, turning their feedback into a specific roadmap change.

Internships: PriceLabs (Jan–Feb 2023) redesigned the property listing flow; FanVideo (Mar–May 2022) wrote PRDs and ran user research that shaped feature prioritization.

PRODUCTS I'VE BUILT

- **The Noob PM — Founder** (2024–2025): Grew a PM community to 3,000+ members in under 8 months; Rs. 2L revenue, 30+ placements. Relaunching as a platform with an AI mock interview studio, a PM resume auditor, and a LinkedIn optimiser.
- **Reqroot**: AI candidate-screening app that turns a JD into a scoring rubric and ranks applicants with confidence scores and reasons. Stack: Lovable, n8n, Claude, Google Sheets.
